A FACULTY PROFILE

MR. KING

The target of the faculty profile for this time is none other than the proudest pspa on the campus

The father of young Mr. Lloyd David King was born January 26. 1912, in Friendship, Tennessee.

Mr. King

chemistry with both hands at a rate that leaves his students breathless from just watching.

After graduation from high school at Friendship, Mr. King attended Memphls State College where he received his Bachelor of Science degree. He did graduate work at both Vanderbilt and Pea-body. While in college he belonged to the English Club, the Debating Club, the Science Club, and he played football and basketball.

Mr. King'a teaching career has included grammar school, high school work, and college level. In nearby Dresden, he was superin-tendent of schoola. He taught at Chester County High School.

Understandably, his favorite subjects are chemlstry and mathematics. Solving the unknown amounts is almost a hobby with

For a short while, Mr. King Cards are sent out by the University asking for comments on this service. Favorable comments have been received about Mr. Phility served in the Navy. Later, he worked for the United States Government as a chemist.

Mr. King has many interests. Mr. King has many interests, have been received about Mr. Filli-Hia favorite hohhica are fishing lips' appearances. Typical of them and flying; his favorite sport is are these: very good all enjoyed football. Member of the Baptist Church, Lipns Club, a Scottish Ritc wery interesting instructive promason, a Shriner, American Chenical Society member Mr. King fessor Phillips again next year.

### Mrs. Phillips Honored At Jackson Meeting

Mrs. hillips was elected vicepresident of the Tennessee Asso-

Junior College and now Dean Registrar of Austin Peay, was at the meeting. The photographer who covered the event was the Jackaon correspondent of the Commercial Appeal, former J. C. journalism student, Bill Boozer.

Even in traveling, Mrs. Phillips Ing and Miss Hendricks), she keeps a weather eve out for new has blue eves is between 5 feet. 2

# Hearts Are Trumps At Freshman Valentine Ball; Webb, Cheshier Reign

The theme of the dance at the Junior College gymnasium Saturday night, February 11, was based the man who passed out the on the seasonal malady, hesrt traditional clgars to the men and trouble. The Freahman Class, asachieved new distinction by pass- sisted by the sponsor, Mr. King. and president, Cavit Cheshier, continued the traditional planning and presenting of the annual Valentine

From the entrance arch on which appeared the measage, "Be my valentine," by the poised cupida 1912, in Friendship, Tennessee.
Perhaps there is something symbolic ln this fact, for Mr. King is known as one of the friendliest of the center of the celling, to the giant the faculty figures. He is also out- heart outlined with red lights on the faculty figures. He is also out-the stage, the decorations were atanding for hia ability to write variations on the theme.

Bruce Dyer and the Rhythm Raseals, Union City musicians, some of whom are atudents at the Junior College, provided the music. The Rhythm Rascals have played for many of the college dances.

Human valentines in the person of two tlny tappers about 13 years old appeared in the floor show. Elizabeth Sisk and Jeannette Jenson from Camden, Tennessec, made a whirling, colorful picture.

Walter Mischke, vice-president of the Freshman class, preaented the king and queen who had been elected by popular vote by the stu-

### Bobo The Magician Here Today

Bobo the magleian presented an intereating and entertaining display of magic here in assembly today. He lived up to his goal of entertaining first, mystifying second with many sleight of hand tricks mingled with comedy. He also demonstrated his ability in benedlying small objects such as handlying small objects such as balls, thimbles, and cards.

Bobo is the author of a recen book that promises to be a fast-seller in current markets. "Watch This One" is the title, and the critics have praised it audibly. Though Bobo made his first appearance at UTJC today, he is oted for his repeat engagements, this being his fourth successive year with the Southern Assem

For a program interesting for people aged six to sixty, and a very good assembly program, we would like to thank Bobo for a good performance in behalf of the student body, and let him know that a repeat engagement will be three students made A's. most welcome at any time.

### VOLETTE HALL OF PAME

### DAVID MEEK

David was born September 12.

1930, in Arlington, Ky., a town which is known as the roughest town in the eastern United States. He brags of a trip to Miami, Fiorida; much questioning reveals fifty-voice chorus and several featured soloists.

### Mr. Smith Teaches Extension Class

Mr. Smith is teaching an extension class in Tennessee history at Tiptonville. Teachers of Lake and Obion Counties are attending classes. Some of them are permit teachers working for certification bepartment of U. T. Junior College. The combination mit teachers working for certain Junior College. The combination callege work.

Mr. Smith found some old friends in the class. One woman was in his class the first year he taught school; one was in his class the first year he taught school; one was in his class to demonstrate all of the activities of 'he Physical Education Department, and a complete program has

### 'HM.S. Pinafore' Will Be Spring Offering os born September 12 Of Jr. College Chorus

that he was two years old at the time.

He came to Martin in 1936 and began grammar school here at the city schools. In high school he was president of the Junior class, vice-president of the senior class, member of the Beta Club and business manager of the annual. He played football four years. In his senior year, he was voted the boy most likely to succeed and was runner-up as the best athlete. David is the grandson of T. J. Campbell, who was an editorial writer of the Cbattanooga Times and the author of several historical books. Maybe this is one of the reasons why David became interested in the position of editor of our Volette. He has screed as editor for five of the six quarters that he has been here.

In the past the Carnicus has Rackstraw, played by Ralph Guthrie, who is a top man in the King's larged by Ralph Guthrie, who is a top man in the King's at top man in the King's larged by Ralph Guthrie, who is a top man in the King's larged by Ralph Guthrie, who is

The Veterans Club aponsored the program, and we are proud to acknowledge a number of visitors that occupied the stage with our speaker. Ladies, or Lady first. The only lady to grace our stage was Mrs. Fames Corbitt, Commander of American Legion Auxillary here in Martin. Now for the gentlemen. Mr. John Walker, Commander American Legion, Post No. 10 that he has been here.

His name was on the Summan honor roll the first quarter he was here, and has made the magna cum laude every other quarter.

At the end of the winter quarter, and Bill Brown as the boatswain.

Miss Harriet Fulton, director, recently stated, "If the audience has half as much fun as the chorus has had rehearsing it, the opera will be more than worth the admission." If you have never had mission." If you have never had has had rehearsing it, the opera will be more than worth the admission." If you have never had has had rehearsing it, the opera will be more than worth the admission." If you have never had have a ticket.

Annuals Scheduled To have a ticket. the near future and ticekts will begin in changed or that the cining hall the near future and ticekts will serv hreakfast until 9:30 also be on sale at the door. H.M.S. Pinafore, or "The Lass Loves a Sailor," will sail onto the stage at the college gynt March 9 with urtain time set for 8 pm carrier.

The pull company prom-

# come off in March will he the Physical Education Department's program of the year, the Carnicus, which will be held in the UTJC

"The students seem to enjoy the classes," Mr. Smith said. This may be due to the fact that on the first test six or eight of the twenty-three students made  $\Lambda^{*}$ 's methods of training taught in the thysical education classes.

Crowning of the king and queen of the Carnicus will get the program off to a good start. Then there will be demonstrations of intrainural team stunts, han bail, volleybail, softball, hockey, archery, folk daucing, tumbling, modern dancing, and many other recreational activities offered at the Junior College throughout the

### ON LEAVING

There comes a time in every man's life when he must leave something which has been dear to him. My time to leave is now; yours, classmates, will be not far away. Much senti-ment has been said and written on leaving, but neverthe-

less, I have quite a little to say.

I would like to pass out a few orchids to different people around the school, quite neglecting the onions I would have

like to pass at times.

First, I would like to tell the science department, to apple polish now is too late for my courses will be over when this is a petter department, science or otherwise. Besides being my opinion, this is the opinion of many I have talked to that took science courses here at UTJC. Your department has shown interest, in the student and his problems, but most of all the department has been free from any kind of grading but the honest kind. My best regards to a fine department of fine people.

To Mr. Chenette who less that the found day cake. But it was delicious and beautiful too with "Happy Birthday, Kitty and Charlie on it. Kitty and Charlie are their Marion's and Henrietta's, nicknames. You must have done or said something to make an acquisition of a name tile.

To Mr. Chenette who has been the sponsor of the Volette while I have been the editor these years I want to express my thanks for being a very interesting and stimulating per-To the members of the staff go my wishes for a good

remaining year and a better new year.

The sun shines through the window as I am writing this. writing in bold letters on the floor the announcement of coming spring. Spring, the symbol of the new being born. I must leave this chair and go onto the campus to drink in the last weeks of school. The bell rings. The chair squeaks.

I'll be seeing you UTJC.

### THE WHYS AND WHEREFORES OF THREE WEEKS BETWEEN PUBLICATIONS

There has been some comment lately on the long intervals between the current issues of the Volette. Though this is good praise for our staff, we wish to let you readers know just why this change has come about.

This school is situated in a small town of only about 4,000. In this town the number of operating businesses is quite small as compared to say Knoxville with 200,000 people. For

small as compared to say Knoxville with 200,000 people. For this reason advertising is becoming increasingly hard to secure for such frequent issues, and as you have probably heard, "Advertising is the life of the newspaper."

We do not believe that it is good business to keep putting out the paper under these conditions as frequently as before, and this policy has the advantage of allowing more news to occur so that you won't have a long article staring you in the face that seems to do nothing but fill space; just exactly what it has written for.

exactly what it has written for.

We appreciate our advertisers in the paper, and if you have patronage for Martin businesses please give it to our act atisers, we need your support of their support. Thanks!

RESCIME OF THE HIGH SCHOOL EDITION

Of well, the dorm mothers eawn't help these rules they have to ablide by rules of their own but still on well we'll leave that to some body else.

We also think the faculty did a good job, cooperating to us to the fullest in all cases. Let us pass a few homeons are not with our RULES. On well, the dorm mothers eawn't help these rules they have to ablide by rules of their own but still on well we'll leave that to somebody else. vito, us to the fullest in all cases. Let us pass a few bouquets to be stylents not on the staff, who came through with interesting and well written articles; they helped a lot

for once in a long while the Volette had to be shortened nown from the number of articles that were turned in. Don't as wrong, we're not griping. Wish we had that feeling

ir feeling that this year's paper was a big jump over the last ; ear's, let us not be content with this. Next year's pahould be equally improved.

This year's paper, however, contained over 12,000 words and some 27 cuts. It also contained a section for UTJC students so as not to leave the student body here out in the cold Well, we of the staff can mop our brows and sit leisurely down to our typewriters now and sigh. The big one is over.

### CHEATERS

A', the subterfuge of the hir-down the street. As I said, there man cace? Who knows what he was something definitely amiss, ma, be exposed to when he passes. What can it be? Are her hose Woolworth's invention? Will they arroping, is her lipstick meared; Will they be as a is her hair mussed ???? Oh no not that! that tells directions, pointing she ia In different directions?

How. Oh How, did they ever ... ???? Well, Fil be damned up come into being? Were they some in a bottle and ...! Yes, she devilish concection of a mad man's was:!!!! imagnation? They must have I went the rest of the way to been No same man would have the nearest Coffee Parior and spen' inflicted the human race with such the rest of the day drowning my a form? Sourow in caffeine, My mind was

I was walking down the street in a alump nearly to the bottom of the other day, just looking. I won't the harrel. I felt so badly that I say what for, but lo' and behald what did I see coming toward me? Yep, you guessed it, as pretty a gusting tid-bit of contemplation? How can a man slip so low? And ever laid my ever upon in outs, there I sat drinking. provere of puterritude as I have there I sat, drinking one saucer after another

She was nearly a block away. Are you perhaps wondering when I first sighted her, and as the distance between us grew shorter goess? Must you torture me into and shorter my puise leaped and an explanation? my blood ran warm warmer than to be perfectly truthful, it's like usual, that ls! But as we came this I was brought up to helieve usual, that is! But as we came into speaking distance. I noticed something out of order. What in the name of Diana is wrong with this picture of a heavenly body that strides toward me? Did I say atrile? Well, I used the wrong miring this pretty picture of perceptession, she wasn't striding, feet pulchritude, nearly perfect with such a smooth motion as she anyway, and what happened? I was making she nigst certainly was acrely disillusioned. My ideals atrice? Well, I used the wrong strice? Well, I used the wrong strice of perfect was such a smooth motion as she wasn't stricing, and what happened? I was acreiy distillusioned. My ideals was floating, nothing less. It was brought to a cio e. It was floating, nothing less. It was brought to a cio e. I was acreiy distillusioned. My ideals such a huge box of eandy in my floating, floating

Because of the possibilities of the hydrogen and atom bombs and our present "cold war" with Rus ila, our nation seems to be en reloped by a psychology of fear Jur nation's leaders are almost inanimoua in their insistence on the renewed vigilance of our eitizenry in the purauit of spiritual things. Our stateamen, our sclentista, our great political leadera our teachers, and our ministers believe the only answer to our grow-ng fear is a renawed faith and reverence for the Deity.

The State of Tenneasea has tra litionally followed the pattern set nose who have aought the best or our nation and its people. Its greatest leaders have been God earling men, and its people everywhere have shown respect for the Adoration of the Deity. Therefore, t seems to me that the emphasis hat is given to religious activities

Baptist Student Union, the Methodist Youth Fellowship and any other religious worship or study groups meet under similar conditions. young people of the Church of his B.S. degree from U. T. on June University of Tennessee Account-

quate surroundings, additiona to buildings, and even a new admin-istration huilding. Why should those same plans not include aiso college chapel, an unassuming out attractive building, where stu-lents could worship personally or collectively as they desired, ir ppropriate surroundings?

The state itself will not provide such funds as are needed for a chapel that fact is almost indisputable. But, I understand that on the campuses of some of our iniversities, simple attractive chapels have been built. The have been erected with the aid of unds furnished by certain endow ment agencies, plus heip from pri vate subscription. Why should the University of Tennessee Junion College not investigate such a pos-sibility for itself? And, do we not iraw our student body from such wide area that we could raise considerable sum by popular sub-sription? This proposition would, of course, require much carefuthinking and planning, before a fundraising campaign could be inaugurated.

Frankly, I personally believe that an attractive chapel, withou offices or administrative rooms but having an auditorium suitable for use by all denominational needs. Here the Fellowship, the or sect could gather as they de-sire and worship as they choose Here, individuals could go to meditate or pray unmolested and undisturbed. Here, that atmosphere of reverence and worship already approved and commended by many of our faculty and student body eould be nurtured and fostered. Morever, an attractive chapel building, strategically located, could only add dignity and beauty

to our beautiful little college. Stu-denta What do you think? DAVID C. ALLEN, Head, Department of History.

### News Of Former Business Administration Students

that is given to religious activities on the campus is indeed timely and ignificant.

A few days ago I observed the toonday Devotiona Group in action. Those students who participated met in the Administration Building, Room 3; in apite of the noise and chatter exuding from the porch, they carried on reverently and worshipfully in a room that was most unattractive and inaptroppriate. I understand that the Student Christian Association, the Baptist Student Union, the Methodist Youth Fellowship and any other religious worship or students.

I rienda and acquaintanees always gives us a certain amount of pleasure. One of the projects of the Futura Business Leaders of America club in the Business Administration Department is to keep in contact with former students. We believe it will be an inspiration to those of us who are just starting on our college eareer. Also we can profit by the advice they give us and avoid any mistakes they point out to us. In this issue of the Volette we want to pass on to you the newa of some of our friends.

young people of the Church of Christ and the Freabyterian Youth do not neet on the campus at all, and I have heard that the lack of idequate meeting places is one of the reasons for this situation.

The tentative plans for the University of Tennessee Accounting Society. Last year he served as secretary of Kappa Alpha, a social fraternity. Another basketball season is history now for the Junior Vols, and this season has been another disappointment from the standpoint of wins and losses. Back at the start of the overwhelming 30 points, the Vols showed improvement aince their after game they continued to fight gamely through the schedule only to take defeat after defeat. Through the Paducah game on Feb. 18 their record stood at one win and 12 defeats, but there was good reason to believe that they would get win No. 2 when they tangled with Martin College on Captain Bob Ammons played a great game in defeat for the Vols Feb. 25 simply because they defeated Martin back on Jan. 25

Captain Bob Ammons Keeps Lead in Scoring

Through the first 13 games Captain Bob Ammons held on to his scoring lead with 133 points. Bob's points came in only 12 games since he was forced to miss the Lambuth game bewater, had difficulty hitting and had to be content with four points.

Aarion Willhauck and Tom Vowell

The remainder of the scoring was strung out with Tom Vowell The remainder of the scoring was strung out with Tom Vowell (68), H. W. Campbell (66), Aaron Wilhauek (32), Bill Patterson (31), Marion Wilhauek (17), Louie Jordon (17), David Turner (16), Stanley Hobbs (12), Johnny Wall (4), and Rege Luckey (1) completing the score chart.

Spring Football To Begin Last of March

Northeast had a well-balanced attack with four boys throwing most of the ammunition at the Vols. Ken Linesey topped the scorers with 17 points, but was given a lot of support from Cat Robbins (10), Dick Arnold (11) be much better (1f than they were the past season when they can also be supported by the Purker (10), Pobbins (10), Dick Arnold (11) be much better (1f than they were the past season when they can be supported by the Purker (10), Pobbins (10), Dick Arnold (11) be much better (1f than they were the past season when they can be supported by the purker (10), Pobbins (10), Dick Arnold (11) be a pobbins (10), Dick Arnold (12) be a pobbins (10), Dick Arnold (12) be a pobbins (13), Dick Arnold (13) be a pobbins (14), Dick Arnold (15) be a pobbins (15) be and Buddy Burke (10). Robbins had only one letterman. They should return at least 15 letwas not up to the form he showed that the UTJC gym when he stored 22 points to lead his team to a control with a control with the UTJC gym when he stored to lead his team to a control with the unit of the unit on to lure as many good football players as resolve it is tay football, but without any scholarships to offer, it is Garrett bard to interest any of the top notch players. Little U. T. John on 7 has a very high scholastic rating and was ranked 13th in the nation among Junior ('oleges in a Look magazine poll three Robbins 10 nation among Junior Colleges in a Look magazine poll three Vols Bow To Paducah years ago, but too many athletes are only interested in the Junior College, 70 40

How Would This Plan Work?

There have been many discussions on the scholarship business at UTJC and several ideas have been formed, but as yet no definite set-up has been established. Coach J. C. Henson just recently has figured a way where 30 board scholarships could be offered each year, but the matter would probably have to be put up to the students of the college before any action could be taken. Coach Henson figured that if some 300 students ate at the cafeteria and if 270 of those of McKenzie swept into the Voi students were willing to pay \$10.00 more each quarter for gym and carried away a 48-33 their board that the remaining 30 who would be athletes could have their meals free on a board scholarship.

Neither team had much luck in the scoring column. Bethel held a 10-6 first quarter lead, and they hung out in front all the way, leading 24-15, 37-21, and finally 48-33 at the quarter stops.

Old reliable Bob Ammons paced the Vol attack again with his stout play. Cant. Ammons exceed at athletic contests to let the athletic fund nay for scholars. stout play. Capt, Ammons scored at athletic contests to let the athletic fund pay for scholar-13 points to lead in that department and played a good, all-round ville, for example, have no such problem as this since their ment and played a good, all-round game. Guards Doug Rainwater and Tom Vowell scored six points to spare usually. Big U. T. will take in an estimated \$1,000,000 the offensive carn. H. W Campbell got five annually from their athletic games, and they sink most of unually from their athletic games, and they sink most of the offensive capture.

### OUT IN THE RAIN

I'm going positively nutty! I've been racing madly around all week to classes, trying to steel myself for those finals that are coming up, meet all my classes, and catch up on all that stuff that I haven't done. I have to do all my study-ing during the day because girls charges, but the Vols refused to definitely don't get to study at go down without a fight and they staved just within striking disstayed just within striking dis-tance throughout the game trail-after cleven, and the nightwatchman reported them they got a reprimand from their house mother, with the promise that the next time they would get a date taken away. And some people wonder the Clinton, Ky., Independents in a 71-37 loss by dumping in 12 why girls never have their lessons

my troubles. Today is another of those rainy Sundays, and I have a date with a boy whom I don't know Cantrell 9 My! but it would be nice if we funnies, and sort of get acquainted before we leave for the show in the cold, cold rain. I suppose that I should stay in and study, but after you work all week, you sort of feel like relaxing on Sunday and doing something you don't absolutely have to do you know, all work and no play makes Jack a dull boy.

The boys can't come in the lounge on Sunday-now that's peculiar rulc. Maybe I'm just plaln stupid, but I definitely can't understand some of the rules that we have to live by. I suppose they really aren't, but they seem sort of out-moded and ancient. No. I'm sure that nothing at UTJC could be old-fashioned I guess that all the girls just don't understand.

I'm worried about something else, too. They keep putting us girls to bed at eleven to keep us Slim Davidson and Atkins Johnson scored 2 each, Curtis Owen got 6, and Billy Stafford hit 1 for the Orange. Frankie Castellaw hit 1, Robert Whitaker scored 7, and Hurold Hsicy hit 2 for the Brown.

The Whites scored the most decided of the music department. One we'll soon have a set of "sweet the first of the former when the direction of Muss Harriet Fulton head of the music department.
